

PAPNU PERFORMANCE 2.0

New stylish companions for rock and climbing gym adventures

Once doesn't count, that's why we again gave free reign to our creativity and entered round two of our PAPNU PERFORMANCE chalk bag series with the PAPNU DA VINCI and the PAPNU WALLCREEPER – same quality, but new designs!

Light as paper, strong as rock – still

True to the motto "Never change a running system" the core of the PAPNU PERFORMANCE chalk bags stays the same: These stylish and robust climbing companions made of tear-proof special paper convince with super light 56g (without waist belt), are water-resistant, 100% vegan, produced in Austria and all raw materials for this quality product come from the EU. Moreover, they can be washed easily at 40°C in the washing machine.

**New Design #1:
PAPNU DA VINCI**

PAPNU DA VINCI – the name says it all. This chalk bag with the Vitruvian Man in a cool climbing style comes with great details and hidden messages in the background and is our tribute to Leonardo Da Vinci – we simply couldn't go without this design.

**New Design #2:
PAPNU WALLCREEPER**

Because we love nature, we came up with a very special idea for the second design:

We now sponsor the wallcreeper, the “flying alpine rose”, in the [Alpenzoo Innsbruck](#) – by the way the only zoo that shows this special bird species. The wallcreeper’s home is the alpine area, its territory are the rock faces which it approaches from the bottom and flies all the way up at an incredible speed – yes, even our passion can be found in its name.

No animal could fit AUSTRIALPIN better than the bird on our new PAPNU, that’s why when buying this chalk bag, part of the proceeds benefits the protection of the fascinating wallcreeper.

Buying a chalk bag and doing good – a wonderful purchase argument and added value for the customer!

THE NEW CHALKBAG OVERVIEW:
