## **SAFETY WARNING!**

### **NEW TYPE OF FAKE COBRA® SAFETY BUCKLES IN CIRCULATION**

Dear Customers,

We have recently been informed that, for the first time, a **counterfeit COBRA® buckle** is in circulation with all the original markings such as AUSTRIALPIN company logo, serial number, European mark of conformity and all other COBRA® product characteristics.

**This counterfeit is difficult to distinguish from the original COBRA® buckle. However, it can break even under low stress and thus represents an immense safety risk.**

Please make sure that you purchase your COBRA® buckles from a trustworthy dealer. Only this dealer can confirm the authenticity and guarantee that it is an original product.

Counterfeit COBRA® buckles in no way meet the [strict quality standards of AUSTRIALPIN](#).

---

## **QUALITY MADE IN AUSTRIA**

In addition to legal and official requirements, AUSTRIALPIN also has strict internal quality standards. COBRA® buckles are continuously subjected to multi-stage quality controls as well as tests in our in-house laboratory. They are put through their paces by experts under the most adverse conditions.

We constantly invest in research and further development of our products and in state-of-the-art manufacturing equipment. That's why customers around the world in a wide range of industries rely on COBRA® buckles from AUSTRIALPIN.

If you have any further questions, please do not hesitate to contact us at [nopiracy@austrialpin.at](mailto:nopiracy@austrialpin.at).

Best regards,  
your AUSTRIALPIN team
