

Launch of the world's fastest autolock carabiner.

HE IS HERE: THE WORLD'S FASTEST AUTOLOCK

Official launch of the HMS RONDO Slide Autolock

The time has come: We finally launched the new HMS RONDO Slide Autolock - the world's fastest autolock carabiner. With this carabiner inconvenient screwing, lifting or turning of the gate are history! The Slide Autolock can be opened fast and easily without sacrificing important safety features.

The Slide Autolock can be opened:

- by pressing the embedded brass slider.
- with one hand only.
- with right or left hand.
- regardless of the orientation of the carabiner.

The Slide Autolock doesn't allow opening:

- when there is pressure on the gate.
- by the rope/belay loop/rocks due to the embedded positioning of the slider.
- due to vibration.

Model Overview

The **HMS RONDO Slide Autolock** is available in the colors green-azure, purple-black and all-black.

In contrast to the green and purple carabiner, the all-black version is hard-coated. Thanks to its double strength and higher base-hardness, this coating offers higher robustness and therefore a much longer lifetime of the carabiner and rope, which makes it perfect for frequent use.

In addition, the all-black version comes with a unique identification number [ID], which makes traceability for qualified inspections easier.

HMS RONDO Slide Autolock

Colors & Coatings:

- green-azure (anodized)
- purple-black (anodized)
- all-black (hard-coated + ID)

Weight: 84g

Breaking load:

23kN (longitudinal), 10kN (minor axe), 7kN (open gate)

Standards: EN 12275, EN 362, UIAA 121

Price Slide Autolock, green/purple

- Your price: **8,60 € + tax** instead of 16,90 € (RRP)

Price Slide Autolock, black (hard-coated + ID)

- Your price: **10,60 € + tax** instead of 20,90 € (RRP)

The **HMS RONDO Slide Autolock with SELFIE twist protection**, which keeps the carabiner in place on the belay loop, makes the HMS RONDO the ideal carabiner for the use on a harness.

It is available in the colors green-azure and all-black. Again the all-black version is hard-coated for

a longer lifetime of the carabiner and rope.

HMS RONDO Slide Autolock SELFIE

Colors & Coatings:

- green-azure (anodized)
- all-black (hard-coated)

Weight: 86g

Breaking load:

23kN (longitudinal), 10kN (minor axe), 7kN (open gate)

Standards: EN 12275, EN 362, UIAA 121

Price Slide Autolock SELFIE, green

- Your price: **10,50 € + tax** instead of 20,90 € (RRP)

Price Slide Autolock SELFIE, black hard-coated

- Your price: **12,10 € + tax** instead of 23,90 € (RRP)

NEW SET: FISH Autotuber with HMS RONDO Slide Autolock

The easy handling and safety features of the Slide-Autolock also benefit when used in combination with our **Fish amplified braking device**.

The HMS RONDO Slide-Autolock replaces the HMS RONDO 3-Way Autolock in our FISH set. The **GOLD FISH** instead will be available with the **3-Way Autolock** and the **Slide-Autolock**.

The difference between the FISH and GOLD FISH lies in the coating of the carabiners: The carabiner of the GOLD FISH is hard-coated for a longer lifetime of the carabiner and rope.

**GOLD FISH with
HMS RONDO Slide Autolock SELFIE**

Colors & Coating:

- Autotube: gold (anodized)
- Carabiner: all-black (hard-coated)

Weight: 156g

Standards: EN 15151, EN 12275, EN 362, UIAA 121
